DigitalElegance.com

Projects

Pets-R-Us

This mock website allows users to book appointment and see them after entering in their email address. Original design with custom CSS and version controlled on GitHub and run on Heroku

DigitalElegance.com

My personal website for my fine art photography and showing off my fine code programming. It was converted over from a wordpress site to an original work with GitHub version control.

YelpCamp

A mock full-stack CRUD website that allows users to register, sign in, create camp sites and review them. It utilized many technologies including Node.js React, Express, Firebase, MongoDB Heroku, and Bootstrap.

Work Experience

VIP Tour Guide

The Walt Disney Company

2018-Present

- Shared passion & knowledge of Disney Products with Guests through scripted and non-scripted tours for affluent guests throughout Disney Property while maintaining discretion and Guest confidentiality
- Upheld a professional demeanor when reacting to quick-changing circumstances and proactively seeking out creative solutions by partnering with many lines of business

PhotoPass Photographer

The Walt Disney Company
